HRDA Trainer:	No. 3951

EU Artificial Intelligence (AI) Act 2025

Outline of the course:

- This course is about the EU Artificial Intelligence Act and more precisely about the risks, compliance challenges, and regulatory requirements related to the development, deployment, and use of AI technologies within the European Union.
- The syllabus is verified by external subject matter experts and can be accredited by regulators and other bodies for 60 min CPD Units that approve education in financial regulation.

The purpose of this course is to:

- Harmonize AI regulations across EU member states, creating a uniform legal framework.
- Enhance consumer trust and safety by mitigating risks associated with AI.
- Promote innovation and investment in AI by providing clear guidelines and legal certainty.
- Uphold fundamental rights and prevent discriminatory practices arising from the use of AI.

Regulatory Framework:

- EU AI Act
